# CHEERS TO THE GOOD LIFE

With amenities that include open floorplans, gourmet kitchens, state-of-the-art fitness center, an exclusive sports lounge and proximity to endless shopping, dining and entertainment options, life at VITA Apartments is exceptional year-round. That being said, during the colder months, there's just a little bit of extra magic in the air.

Not only is Tysons Corner Center the perfect place to find the ideal gifts for loved ones, but it's also home to an array of seasonal celebrations and outdoor activities to help you make the most of the winter. And when it's time to head inside to warm up, discerning foodies beeline for Earls Kitchen + Bar, the first area location of this innovative, upscale-casual eatery and lively bar from our Canadian friends to the north.

Whether you're in the mood for something hearty - think hand-smashed burgers and premium cuts of steaks - or lighter fare such as Dynamite Shrimp Rolls, Earls' chefs prepare fresh, made-from-scratch dishes inspired by ethnic cuisines and locally sourced ingredients. Served in a friendly, sophisticated setting, it's the perfect spot for unwinding after a long day or raising glasses to the sights and sounds of the season with friends. Finally, for an end-of-night toast, look no further than the VITA skylounge, which boasts breathtaking views in an exclusive ambiance. Cheers to living the good life at VITA Apartments.

# ANCHORAGE A CITY THAT CELEBRATES WINTER LIKE NOWHERE ELSE ON EARTH

Surrounded by glaciers, filled with moose and in the center of Alaska's national parks, most people know Anchorage as a starting point for scenic cruises, wildlife watching, salmon fishing, and other summer adventures.

But it's winter when the city really comes into its own.

Clear, starry skies offer frequent shows of the northern lights. Season-long snowfall has locals hitting Anchorage's miles of cross-country trails—many lighted for nighttime skiing—or heading to nearby Girdwood for world-class alpine slopes or heli-skiing in the Chugach Range.

Kids try out everything from sledding to dog mushing. Adults savor microbreweries and restaurants specializing in fresh-caught seafood. Fans gather for the annual running of the Iditarod, and stick around for a race of their own: running with the reindeer during the annual "Fur Rondy."

Join them and discover why winter can be the best time of the year.

## YOUR ALASKAN ADVENTURE BEGINS HERE

Only 40 minutes from Anchorage on the scenic Seward Highway, Alyeska Resort combines the comforts of a 300-room, family-friendly hotel with a magical location between the Cook Inlet coastline and densely forested Chugach State Park.

In winter, Alyeska offers uncrowded access to slopes averaging 650 inches of snow each year - 25 percent more than any resort in the lower 48 -

with affordable access to back-country heli-skiing. Alyeska Resort boasts Alaska's best year-round hiking, wildlife spotting, fishing, film festivals, fine dining, and live music - with a restorative spa.

Begin your own adventure to America's "Final Frontier" by visiting [AlyeskaResort.com](http://AlyeskaResort.com) or calling 800-880-3880 for seasonal packages and more information.
